FREE ONLINE COURSE PREPARES STUDENTS FOR WORKPLACE ENTRY

A new, free online course to help college students and recent graduates better prepare for entry into the workplace is now available. **JobSTART 101: Smart Tips and Real-World Training** is a first-of-its-kind course developed by the Business Roundtable and the HR Policy Association, with support from Accenture. Topics in the course range from how to communicate and solve problems to how to develop a successful business persona. Students may complete the course in 90 minutes or tackle six topical modules individually and participate in interactive components such as videos and workbooks. For more information, visit the JobSTART 101
